Scratch-off (w Card and OE)

There are lots of reasons to be insured against flooding.

- Flooding is the #1 natural disaster.
- Flood damage is not covered by homeowners insurance.
- 25% of flood claims are filed by people living in low-to-moderate risk areas.
- In high-risk areas, 1 in 4 homes will experience a flood over the course of a 30-year mortgage.
- Only 2" of water in your home can cost \$7800 or more.*
- Disaster assistance – if it's available – is a loan you must repay, with interest.
- Flood insurance is mandatory if you live in a Special Flood Hazard Area and have a mortgage from a federally regulated lender.

**Don't end up a loser.
Get flood insurance now.**
